

Contagious Blood Poison

using the same toilet articles, or otherwise coming in contact with persons who have contracted it.

It begins usually with a little blister or sore, then swelling in the groins, a red eruption breaks out on the body, sores and ulcers appear in the mouth, the throat becomes ulcerated, the hair, eye brows and lashes fall out; the blood becoming more contaminated, copper colored spots and pustular eruptions and sores appear upon different parts of the body, and the poison even destroys the bones.

S. S. S. is a Specific for this loathsome disease, and cures it even in the worst forms. It is a perfect antidote for the powerful virus that pollutes the blood and penetrates to all parts of the system. Unless you get this poison out of your blood it will ruin you, and bring disgrace and disease upon your children, for it can be transmitted from parent to child. S. S. S. contains no mercury or potash, but is guaranteed a strictly vegetable compound.

DR. MOFFETT'S TEETHINA (TEETHING POWDERS)

Rev. J. W. Berry (of Arkansas Methodist Conference, writes): "Enclosed find fifty cents for which please mail me two packages of 'TEETHINA'. We wonder how we have raised children without it. The other day a lady in Missouri sent us a package and it came at a most opportune time; our babe was in a serious condition; his bowels had been in bad condition for days, and nothing that we gave did any good; the second dose of 'TEETHINA' gave perfect relief and he has had no further trouble. Other members of the family have used it and every dose has been a perfect success."

OXFORD'S OLYMPIAD

(Continued from First Page.)

Jim Hall is the most noted melon grower of that section. He is the youngest, handsomest and has the largest bank account, disposing of his first two cars of melons for \$425 on the track.

Mr. Charles, who is a very pleasant gentleman, and who is untiring in making his friends at ease on picnic days, is not much of a trucker, but stands in on crates, and is the slickest timberland trader in all that section round about.

That Dinner

Outside of the lovely barbecued meats, there was no end to pie, cake and chicken. When it comes to preparing dinners rich and juicy, commend us to the good women of Oxford.

If the amount of edibles Will Chambers disposed of is any criterion of the vote he will get over Brown, the latter need never buy a mausoleum; he will be interred politically beyond recognition.

Political

And this brings me to politics. It is getting very warm in Sumter county and the interest is so great that this reporter was importuned so much to know how the land lay in Marion, he exhausted his talk tank. Of course we could only give conjectures. The same way in Sumter. The impression was that the tide was slowly turning in Brown's favor; that the three strand fence law passed by Chambers was doing it.

Both senatorial candidates were on deck, Chambers explaining the "three strands" and Brown assuring the innocent that Chambers was at heart a no-fence man. That doctrine sent abroad in Sumter would prove a tidal wave of disastrous votes.

The reporter was confidentially told that Oxford would give Brown a big vote. When this reporter asked the cause of the big vote for Chambers in the first primary, they said Sumter was a farming county and as C. had played the role of perfection of a young Agricola, the Sumter tillers of the soil put in a center shot for Chambers. The opinion was expressed that Chambers would not near poll the vote on the 12th that he did in the first primary, because many persons who had voted for him in the first race did not like the phosphate trust and turpentine combine which had done so much to give him his large vote.

Next Tuesday will tell the story.

Marion's Delegation

Was present in force from all around Lake Weir to Moss Bluff, consisting of Wm. McGabigan, the Blacks, Freemans and Driggers, on the north side, with Upham, Oleson, Carter, Reed and others from the south side. Summerfield contributed Dolph Mitchell, Mac White, Nate Mayo, Tom Dillard, Wallace Lucius, Fred and Charley Lucius, etc.

Pedro was represented by such citizens as Henry Shaw, Alf and John Proctor and a whole slough of Perrys.

Tom Leitner and family were there from the Anthony section.

Mr. Richard Hall represented the Hallville still, near Belleview, while Mrs. Tom Mitchell and Rexford Nichols stood for the village proper. Henry Carter, a former resident of South Lake Weir, but now of Pasco county, returned for a day to renew old friendships.

Ocala sent down a very respectable delegation, including Dr. Newsom and Prof. Varn. The latter filled them up with life insurance and the doctor measured the microbes in their systems. Promoter John D. Robertson was there, too, and among friends. Forney Lancaster was also there and cutting a wide insurance swath.

For "creature comforts" the reporter desires to return thanks to Mrs. J. E. Charles and her charming sister, Miss West, Mrs. Captain West and Mrs. Tom Arnold, the last named for peach pie, on which we dote.

Nor must we forget the loyal friends and appreciative subscribers of Oxford and vicinity. They certainly do the Star proud and the Oxford post office is among the Star's banner distributing points, being in number of copies third on our list, while for cash payments it ranks with Spring Park, where there are no laggards and all pay promptly for their paper.

On our return, the reporter made a pop call on Sol Smith, an old Confederate veteran and friend, whose days of usefulness are over, physically, being almost helpless from asthma and lung troubles, but whose declining days are made restful, in part, from receiving a well earned state pension. The only trouble about the pension is, it's too little, as in the case of many other deserving and helpless old braves.

Those who served the summer beverages to the thirsty were Joe R.

A Banker Praises

Tyner's Dyspepsia Remedy

Worry kills lots of people and sometimes bankers. It impedes digestion, irritates the nervous system and in many ways destroys health. If you are worried with business or other troubles, Tyner's Dyspepsia Remedy will meet and baffle all ill effects. It cures indigestion and dyspepsia, tones up the stomach and thus insures calm, refreshing sleep and a good healthy and invigorating appetite.

What a Banker Says

Mr. Chas. E. Currier, of the Atlanta National Bank, says: "I often use Tyner's Dyspepsia Remedy for acute indigestion and have always found that it gives immediate relief. I consider it a medicine of very high merit."

Price 50 cents per large bottle. For sale by druggists. Six bottles for \$2.50 or sent by express on receipt of price by Tyner's Dyspepsia Remedy Co., 107 1-2 S. Forsyth St., Atlanta, Ga. Send 5c. to pay postage for a sample bottle.

Hall and Hamp Brinson, Will Actell and Mr. Fore.

Among the distinguished editors present were Walter Graham of the Arcadia News and Mr. Marsh of the Panasoffkee, he of the Byronic visage, and the way they laid in provender was a caution.

The substantial and fine looking sheriff of Sumter county was present, not to keep the peace, but to meet his army of friends.

Captain Wall, the cattle man of the "Cove," was in evidence and took a lively interest in discussing the "referendum" proposition and said until it was adopted by the state we could expect no improvement in legislation.

If John Love and Bill MacKay were on hand, we did not see them.

LOOK PLEASANT, PLEASE

Photographer C. C. Harlan, of Eaton, O., can do so now, though for years he couldn't, because he suffered untold agony from the worst form of indigestion. All physicians and medicines failed to help him until he tried Electric Bitters, which worked such wonders for him that he declares they are a godsend to sufferers from dyspepsia and stomach troubles. Unrivaled for diseases of the stomach, liver and kidneys, they build up and give new life to the whole system. Try them. Only 50 cts. Guaranteed by the Anti-Monopoly Drugstore.

REGISTRATION NOTICE

The registration books of the county will be opened Thursday, Friday and Saturday, August 7, 8 and 9 and continue open the last three days of each week until the second Saturday in October.

The office will be located in Mr. Clyatt's abstract office, corner of Main street and Oklawaha avenue.
